

How do I use the left hand menu to access the doll clothes patterns and videos I have purchased?

1. After Logging In you will see an empty menu for the “How to Sew Doll Clothes Course” and the “Free Bonus Patterns” (assuming you have not purchased the Course). Below this you will see the menu “Doll Clothes Patterns”. If you have purchased the 18 Inch American Girl doll clothes patterns you will only see that menu. If you have purchased the 18 ½ Inch Cabbage Patch Kids doll clothes patterns you will only see this menu. In this example we will click on the menu box “18 Inch and American Girl Doll Clothes Patterns”.

2. After clicking once on “18 Inch and American Girl Doll Clothes Patterns” menu the doll clothes patterns you have purchased will drop down. To open, for example, the Fairy Costume, click on the “Fairy Costume” menu.

3. Because the Fairy Costume has multiple parts, three separate “Steps to Complete Your Outfit” will drop down. Select the part you wish to start and click on it. Note that some patterns, like for example the Handkerchief Top, have only one part. When you click on the Steps to Complete Your Outfit, everything you need to get started is on the page that opens to the right of the menu.

The image shows a vertical menu with several items. At the top is a rounded rectangle labeled 'Doll Clothes Patterns'. Below it is a dark purple rounded rectangle labeled '18 Inch and American Girl Doll Clothes Patterns'. Underneath is a light purple rounded rectangle labeled 'Fairy Costume'. This is followed by three items, each with a small pink flower icon to its left: 'Fairy Dress - Steps to Complete Your Outfit', 'Fairy Wings - Steps to Complete Your Outfit', and 'Fairy Headpiece - Steps to Complete Your Outfit'. Three red arrows point from a single point on the right towards each of these three items. Below these are two more light purple rounded rectangles: 'Handkerchief Top' and 'Witches Costume'.
